Our Book: The Class Of '92

This year's Yearbook was an unusual project due to a few unexpected circumstances surrounding its completion. Those circumstances served to make this book all the more exceptional. The Class of '92 pulled together by sending in pictures, writing the "copy", and offering its time and suggestions. Because of this, our Yearbook is not the result of the work of a few people but a culmination of hard work and effort on the part of the entire class. This in our opinion is how every yearbook should be.

Our four years at Curry saw us through many changes, together we shared the Gulf War and the crumbling of the Berlin Wall and a major recession. Here at Curry we shared the excitement of welcoming Dr. Catherine Ingold as our new president. Our class laughed together at Comedy Experiments, partied together at Pub Nights, danced together at Spring Fling, and bonded together during Senior Week. Yet most important and most memorable was the day -to- day sharing of each other's lives.

Many people helped make this Yearbook happen: and we thank each and everyone one of you. The three of us would like to offer extra special thanks to Kimberly Sweeney whose ability to keep calm and maintain a sense of humor amidst frantic phone calls, missing photo equipment, and missing yearbook paraphernalia, never went unnoticed and will always be remembered and appreciated. Without her help there is no way this Yearbook would have been completed.

We hope this book not only allows us to relive the special memories of our college years - but also acts as a lifeline to keep us in touch with all of the many special friends we made in a place we once called home . . .

Good Luck to the Class of '92!

Enjoy!!

Sandy Wallace, Katy Pryor,
Jane Windhorst.

Dedication

Rita Myers

Dedication: Rita Myers

In the years to follow after we leave Curry College, we will carry with us fond memories of the people and events which made our college years great. There are friends and teachers who helped and supported us along the way, but there is only one woman who became the official second mom to many.

She was always ready with a smile as students emerged into the crowded cafe after a long day. She has put up with the endless headaches which come with student complaints, never complaining herself, trying only to accommodate and please.

If someone was sick, she would make sure they headed back to their residence hall with plenty of juice, and if a personal problem occurred, she had a sturdy shoulder to lean on. Most important was her ability to laugh and make others laugh amid long hours, fussy eaters and smoking toasters. She is an avid Curry sports fan, often seen cheering on the Colonels at football, tennis, softball and basketball games.

Of all the things we aspire to be beyond Curry's front gate, she is a shining example of some of the most important aspects of life; she is a devoted worker, loyal friend and overall caring and loving individual. She has recently left Curry, and this was truly a sad day.

Rita we love you and we'll miss you!

Year In Review: World News

The Group of Seven industrial Democracies (known as G-7) held an economic summit that dealt with a wide range of issues- from world economic policy to building world partnerships to international trade. Leaders of the G-7 economic summit gathered at the Tower of London. From left: France's President Mitterand, President Bush, Italy's Prime Minister Andreotti, EC President Jacques Delors, Japan's Prime Minister Kaifu, Britain's Prime Minister Major, Canada's Prime Minister Mulroney, and German Chancellor Kohl. At right is Field Marshall Sir John Stanier, constable of the Tower.

Boris Yeltsin

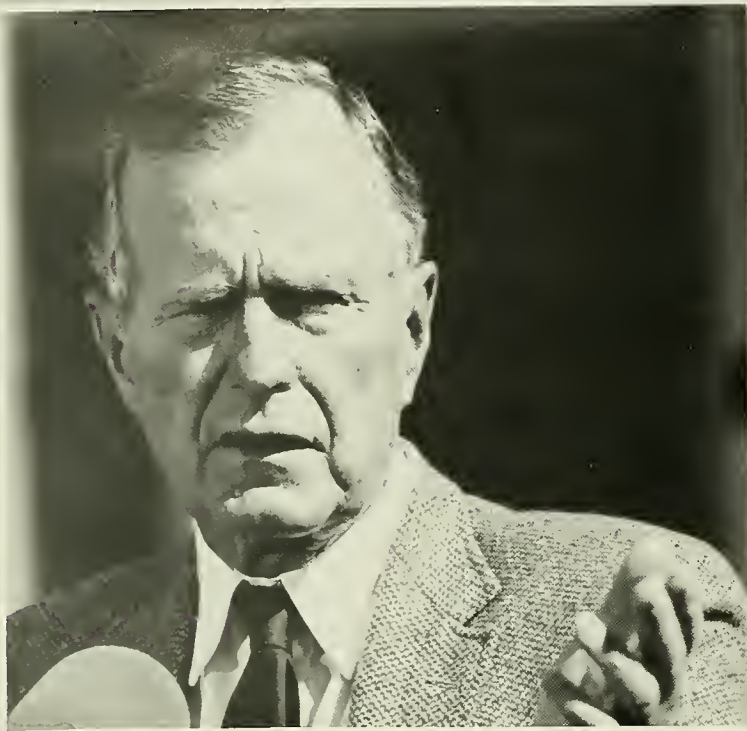

Independence rally in Lithuania

During the war in Iraq, Saddam Hussein's forces ignited hundreds of oil wells in Kuwait. Smoke belched from the torched wells for many months afterwards. Satellite photos showed a black-grey plume sweep south of Kuwait as far south as the Arabian Sea- equal to the distance from Manhattan to the tip of Florida. Meanwhile, the invasion of Iraq caused destruction estimated to be in the hundreds of millions of dollars. Months after the American military forces freed Kuwait city, the effects of war were still evident.

Year In Review: U.S. News

As the school year began in September, 1991, President George Bush was trying to get his nominees to the Supreme Court (Clarence Thomas) and the Central Intelligence Agency (Robert Gates) successfully through the confirmation process. But two of his major tasks were peace in the Middle East and a lingering recession at home in the United States. And with a presidential election around the corner, the president was putting together his re-election team.

President Bush nominated Clarence Thomas, a 43-year-old conservative Republican, to replace the retiring Justice Thurgood Marshall on the Supreme Court. Nearly three months later he was confirmed by the U.S. Senate by a vote of 52 to 48. But, it was a tumultuous confirmation process. After a series of public hearings, the Senate Judiciary Committee split 7 to 7 on his nomination. Just days before the full Senate was to vote some serious allegations of sexual harassment were raised. Professor Anita F. Hill, a 35-year-old law professor from the University of Oklahoma and former assistant for Thomas at the E.E.O.C., claimed she was the victim of sexual harassment while the two worked together about ten years earlier. The Senate committee reconvened and heard about three days of riveting testimony from Thomas and Hill and a group of supporters from both sides. The full Senate then debated the issue and voted to confirm the U.S. Appeals court judge to the nation's highest court.

After nearly seven years as a hostage, Terry Anderson was released on December 4, 1991. Anderson spent 2,455 days as a hostage in Lebanon making him the longest held American hostage. He is shown here arriving in Weisbaden, Germany being greeted by his sister, Peggy Shay.

Year In Review: Sports

When she began skating at age 6, it was obvious that Nancy Kerrigan was a "natural". This past February the twenty-two year old from Stoneham, MA, competed in the Winter Olympic Games in Albertville, France. The emotions surrounding the competition were heightened by the fact that her mother, who is legally blind, was watching her daughter's graceful moves from no more than five inches away from a t.v. monitor. Despite some problems in her long program, Kerrigan's grace, strength, and beauty came together and she skated on to a Bronze Medal.

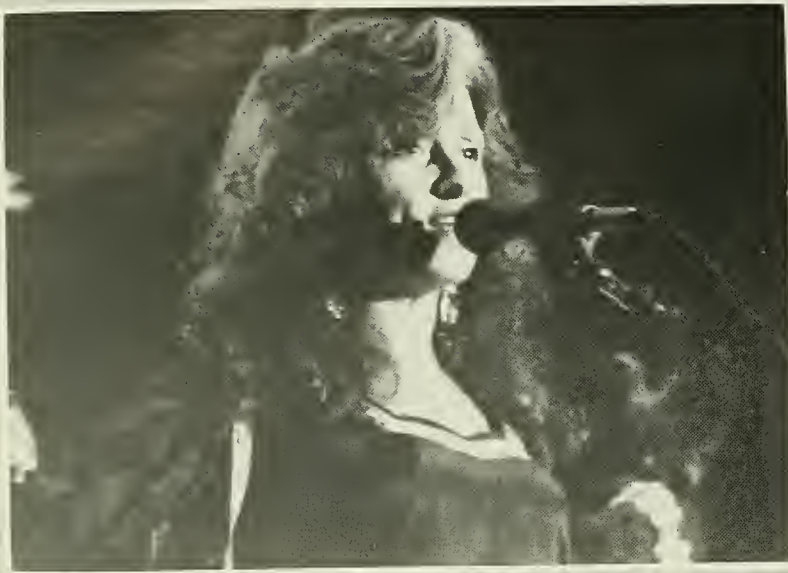

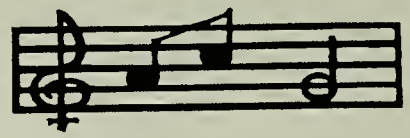

Magic Johnson, the famed Los Angeles Lakers basketball star, announced he was infected with the HIV virus that causes AIDS. Johnson made his announcement to a stunned press conference in Los Angeles.

Michael Jordan flew through the air with the greatest of ease. The 28-year-old basketball star of the Chicago Bulls led his team to the NBA championship in 1991. In this photo, he drives up the lane for a finger roll lay-up during a game with the Houston Rockets.

Year In Review: Musical Moments

Country superstar Bonnie Raitt swept to the top of the charts in early September with her hit album "Luck of the Draw". She is pictured here greeting her fans at a recent concert.

As the school year began, Guns N' Roses' new album, "Use Your Illusion", hit the stores. The two-album set sold a million in no time. It was the group's first album in three years and, from what the critics said, it was worth waiting for. It hit the top of the charts the first week out.

Talk about being around for a long time. The Grateful Dead has been making hits and great music for twenty-six years. Guitarist Jerry Garcia and his group have been roaming the world on tour since before the seniors of this class were born. The San Francisco-based group was formed in 1965 at the height of the city's psychedelic countercultural movement.

New President

Curry College Names New President

Catherine W. Ingold has been named as the first woman president of Curry College. Dr. Ingold, 42, succeeds Dr. William L. Boyle, Jr., who last February announced his retirement, effective December 31. She was chosen following an exhaustive search guided by a committee representing all major segments of the College community. The Board of Trustees unanimously elected her to her new post at its December 9 meeting. She took office as the College's 13th president in mid-March.

In taking the Curry post, Dr. Ingold left the presidency of The American University of Paris, an institution built on the U.S. educational model and serving some 900 students.

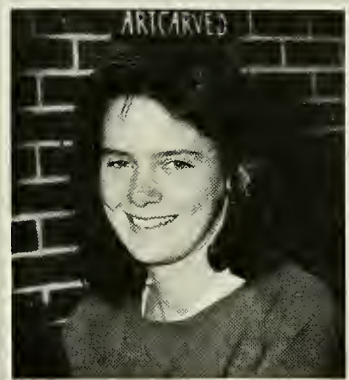

Prior to assuming the presidency of AUP, Dr. Ingold served in a number of posts of increasing responsibility at Gallaudet University, an institution for deaf students.

Dr. Ingold holds a bachelor's degree in french from Hollins College. She received a master's degree in romance linguistics, and a Doctorate in French in 1979, both from University of Virginia. A Phi Beta Kappa scholar of French Literature, Dr. Ingold served from 1989-91 as a Fulbright Fellowship Reader in literature and linguistics. Her languages include French, German, and Spanish, and she is fluent in American Sign Language.

SPORTS

Women's Soccer

Women's Soccer

The season began August 23, 1991, on a muggy Wednesday afternoon. Players gathered in Milton Hall with all of their belongings, soccer gear mandatory! The first evening was spent meeting the new prospects and catching up with the returning players. It was the last and only night of being pain free. Then the adventure began at 7:00 am Thursday morning. First breakfast and then to the training room, followed by the daily two mile jog at eight sharp. It appeared from the onset that the Curry Women's Soccer team would have a successful season, but there was work to be done; there always is.

Pre-season consists of two very grueling weeks of physical activity. There are three sessions a day, each two hours long, sometimes longer. It is two weeks of sore muscles and aching feet. Two weeks of sprinting until we couldn't possibly sprint another inch. By the end of two weeks there are 22 women who have been whipped into shape and ready to take on any opponent. It is usually a very exciting time, because the team record is clean; no defeats. It looked to be a year of more victories than defeats, and indeed, the 1992 season brought many victories, ten to be exact including the Commonwealth Coast Conference Championship. However with these ten victories also came ten defeats, keeping the '92 team from any post season tournaments.

In the end, the team was left feeling that we could have done better, feeling that we had fallen short of our goals. And we probably could have done better. But beyond the treacherous pre-season sessions, beyond the victories as well as defeats, there was a great sense of camaraderie amongst the '92 team. The disappointment could not overshadow the wonderful feeling of belonging within this team. A team where every individual shared the same goals, the same victories and the same defeats. There was such an incredible sense of being part of a family. For all of us who played together in 1992, it is a time we will always hold dear. Some of the friendships will last a lifetime, and the memories will keep us smiling for a long time to come.

Curry College Men's Soccer 1991

The Colonels started off last season in a positive manner, after going 2-0 in pre-season. They defeated nationally ranked Massasoit Community College 1-0, and then Dean Junior College 2-0. Things looked good for the Colonels until they dropped their season opener 3-1 to Roger Williams College in overtime. The Colonels scored early in the game and it looked like they were on their way to another victory, but then in the second half they looked like a totally different team, and the overtime period was all Roger Williams. Coach Vasiliadis had this to say about the game, "we had them early but we just could not keep the fast paced tempo of play. That is something we are going to improve on if we want to be contenders for the Commonwealth Coast Conference Championship." After the heartbreaking loss to Roger Williams College the Colonels lost 6 straight to some worthy opponents such as Tufts University, Brandeis University, and the U.S. Coast Guard Academy. The Colonels got their first win of the season on September 21, by beating Anna Maria College 3-0. The Colonels were back on track and playing quite well. Their next game was against Stonehill College a division II power. Never the less the Colonels did not seem to care, although Stonehill got an early one goal lead, the Colonels came back to get three of their own and with six minutes to play in regulation they found themselves beating Stonehill 3-1. Then at the 80 minute mark in the game Stonehill came within one, and then with twenty seconds left in regulation they tied the game. The overtime period was all Stonehill, and they scored 2 goals to beat our Colonels 5-3. Coach Vasiliadis was quoted as saying "we had them beat, but once again overtime killed us. We just do not have as deep a bench as they do, and that was what won it for them."

The Colonels split their last eight games 4 wins and 4 losses. Then came the Commonwealth Coast Conference Tournament, the Colonels drew Salve Regina for the first round of play. The Colonels were favorites in this game, but came up short once again and lost the game 2-0. The season closer was against Nichols College, the battered Colonels lost that one 3-1. When asked about the season Coach Vasiliadis said this, "It was very upsetting to go 5-13, but we really got hurt by injuries Senior Captain Matt Belcastro was out for the season with a recurring knee problem, and several other key players had season long injuries as well."

Some post season banquet notes: Senior Co-Captains Sean Quinn and Jared Sturner were voted Most Valuable Players, freshman Tim Kelley and Mike Wein were voted Rookies of the Year, and David Rivers was voted Most Improved, also senior Sean Quinn and freshman Mike Wein were selected for the Commonwealth Coast Conference All-Star team. The Colonels graduated eight seniors and will be looking at a very young team the next couple of years.

Men's Tennis

1992 Colonel Men's Tennis

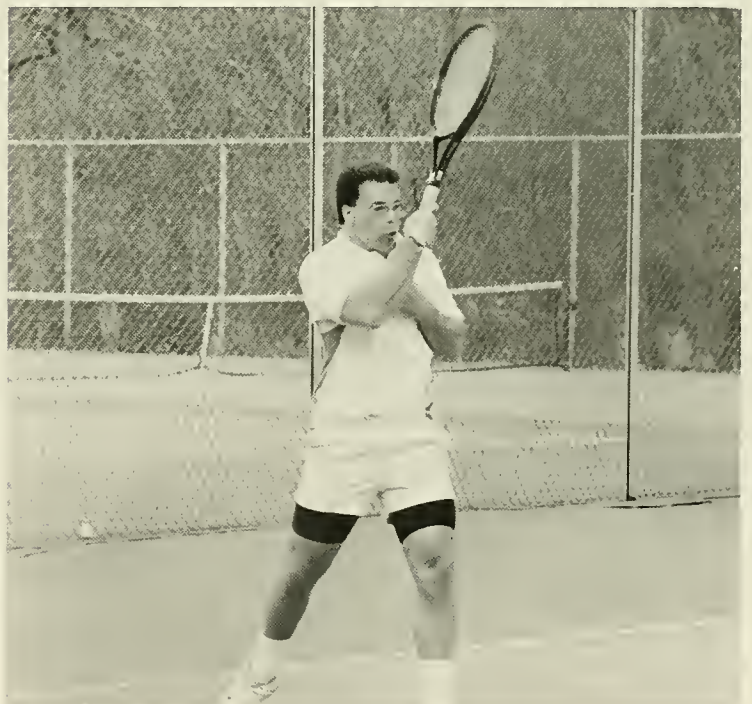

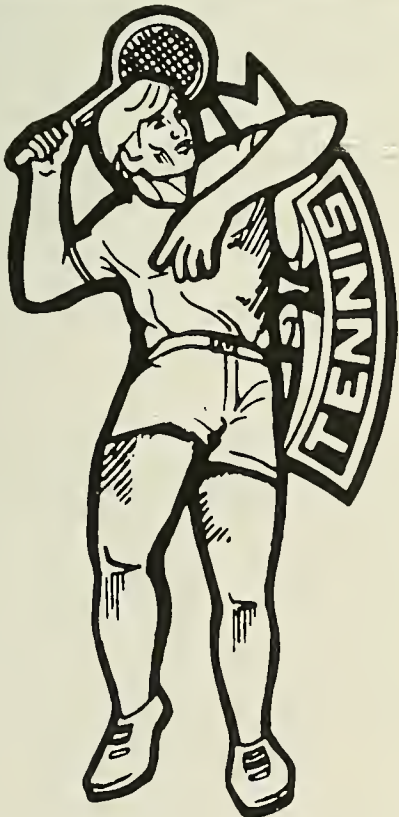

The 1992 Curry College Men's Tennis team, under the direction of new head coach, Archie Henderson, swung their way to yet another successful season.

Returning to the talented Colonel saved were seniors and three year varsity letters winners, David Coughlin, Matt Belcastro, and 1991 MVP Mike Russo. Other members of the team included three time Most Valuable Player, Gavin Spittle, junior Bob "Lynx" Reardon, and four exceptionally talented freshman stars; Mike Gorton, Peter Greenberg, Randy Hauser and Josh Roberts. Also competing for the Colonels were senior Morgan Merry and freshmen Josh Roberts.

In April, the men's team played host for the commonwealth coast championships. The team had great success as two year captain and three year number 1 singles player, David Coughlin won the championships for the colonels. The team volleyed its way to a respectable second place.

The future success of the Colonel netmen will rest on returning stars, senior captain, Gavin Spittle, Bob "Lynx" Reardon, and sophomore Aces, Mike Gorton, Peter Greenberg, and Randy Hauser.

The men's team served its way to 6 Aces, 4 Double Faults, and 2 Rain cancellations, to end its fine season.

UNDER- CLASSMEN

Class Of 1995: Freshmen

As freshmen before arriving at Curry we felt a little scared, not knowing anyone. However as soon as we came to orientation, we were more comfortable with the set up of it. They gave us a variety of things to do to make our first few days here seem a little easier.

Having things from the comedy stop to dances and getting together with groups really helped to broaden our expectations of Curry. It also gave us the opportunity to meet our fellow students, and to get a feel for what college is about.

Elaine Fitzpatrick
Freshman,
Vice President
Holly Bauer
Freshman Representative

Class Of 1994: Sophomores

Class Of 1993: Juniors

Junior Year

CLAC is over, your major is declared and now it's time to hit those 300 level courses, or maybe an internship or two. College is flying by. Good times up ahead . . . you turn 21 . . . go to Pub nights or out to some clubs.

Maybe you decide to get more involved in activities at Curry, but maybe you don't. Either way, you are forced to make some decisions. Whether it is childhood slipping away or adulthood creeping up on you, it doesn't matter. Junior year is the year to get things done and either choose a path to follow, or make your own.

Many of your friends are graduating this year and you're scared to think about the real world. What will happen after college? Who knows? We will soon find out because senior year is only a summer away.

SENIORS

1991-92 Our Senior Year

This is it! Our last year of mixed emotions, a year which goes too fast. It is a time to look ahead at life's responsibilities and make decisions for our future, as well as a time to look back and reflect on the friendship and knowledge we have gained.

We say good-bye to cafe food and residence hall life, tennis courts and speed bumps. We also say good-bye to those who have seen us at our worst and liked us anyway, and cheered us on through our achievements. Although we probably didn't realize it, we've started growing up.

As we don black caps and gowns and file down the path in our three sided quad, a new door opens. We leave our life of the past four years, and say hello to the rest of it . . .

Cinamon Rose

Diamond jars wait
on an oak shelf,
Blurring the crimson
image of wealth.

Petaled treasure
of sweet smelling breath;
enduring grace
beyond a dry death.

My cinamon rose
reminds me of how
One is remembered
in parting from now.

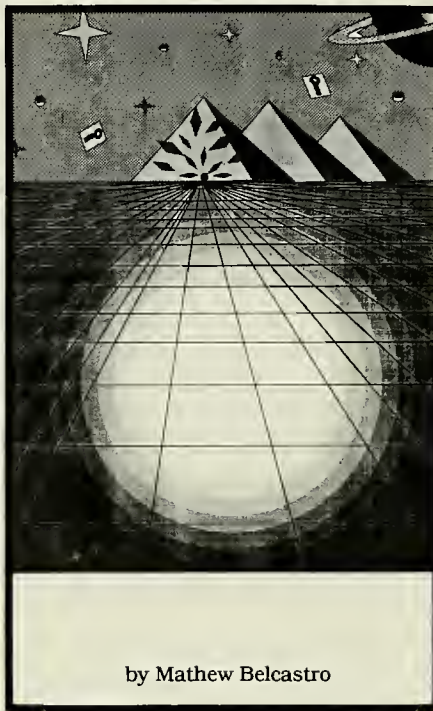

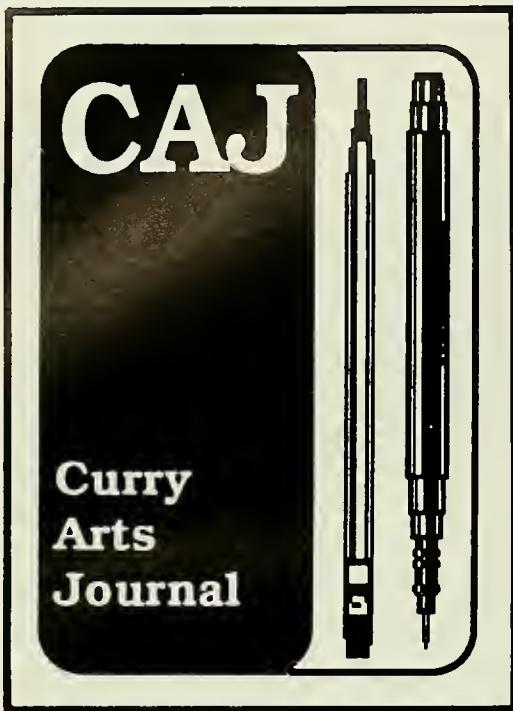

The earth-minty self
physically seems
somewhere beyond
The baby's breath dreams.

THE PIRATE

*She hides crouched in the corner
of her life.
Until the yelling stops and the door slams.
She can feel her blood
running down her forehead.
As it drips on the white tile floor
she watches the cracks fill
with the warm stream of her existence.
Her throat raw from screams
and eyes parched, a smile is quick
to her lips and then disappears
glad to have survived
one more night.*

*Up from the corner she grabs the stove
to stop the whirlpool
inside her.
Into the hall that seems
like a never ending tunnel,
she checks to see if her kids are all right.
Her daughter cries into her blue pillow
now soaked with fear...
her ragged bear the only protection
against the pirate that lives in her house.
His harsh voice his sword
and liquor the patch that covers his eye.
Mom always the one who felt
the violent white-water waves
slam against her.
The ebb now slowed
as a clear blue stream
of calm surrounds the two
until the next time he comes home.*

Currier Times

The Currier Times, the college's bi-weekly newspaper kept the campus informed as to the news and happenings which took place over the school year. With Emily Siegfried at the helm as the always dedicated Editor in Chief, the Times had a successful year reporting on such topics as the Presidential search which led up to welcoming the new President, Catherine Ingold. The Times was also there when WMLN became the only station in the Boston area to acquire the rights to 'War of the Worlds' in October.

But the paper was not limited to campus news. Heated editorials concerning problems on campus usually prompted just as heated rebuttals. There was also an abundance of sports information from recent sporting events, Features highlighted special people and groups, and Arts and Entertainment had the latest film and band reviews.

The Times was a fun place to work this year, despite 3:00 am layout nights and the hassles of deadlines which seemed forever to be hanging every reporter and editor's head. It was a close knit family especially with the help of our wacky, easygoing advisor Marcy Kornriech who gave us constructive criticism, support and a lot of praise and advice.

The Currier Times has come a long way since its return in 1989, and with the past year's work as evidence, it should continue to be a popular and fun organization within Curry's borders.

Curry Theatre

Curry Theatre
by
James Meader

The 1991-92 season of the Curry Theatre was an unprecedented year in the hearts and minds of all involved. Not only was this the first year that featured three different productions, it was also the year that gave the students a chance to show off more than just their acting abilities.

The season opened with the COMEDY CREW which was masterminded by guest director, Martin Anderson. This production was written and performed by the students. In March we saw a wonderful adaptation of Alan Ayckbourn's tragicomedy, WOMAN IN MIND directed by D-L Garren. Finally in May we found ourselves with an evening of substance and humor with the production of QUICKIES. This featured a series of ten-minute one act plays each one being directed, for the first time, by a Curry Theatre student.

This season also saw the advent of the Theatre Board which consisted of upper-classmen students to be involved in the decision making process as well as running the ins and outs of a production. Overall the 91-92 season was felt by many to be the best season ever at Curry Theatre.

STUDENT LIFE

Orientation

As a freshman before arriving at Curry we felt a little scared, not knowing anyone. However as soon as we came to orientation we were more comfortable with the set up of it. They gave us a variety of things to do to make our first few days here seem a little easier.

Having things from the Comedy Stop to dances and getting together with groups really helped to broaden our expectations of Curry. It also gave us the opportunity to meet our fellow students and also to give us a feel of what college life is about.

Spring Break Trip 1992

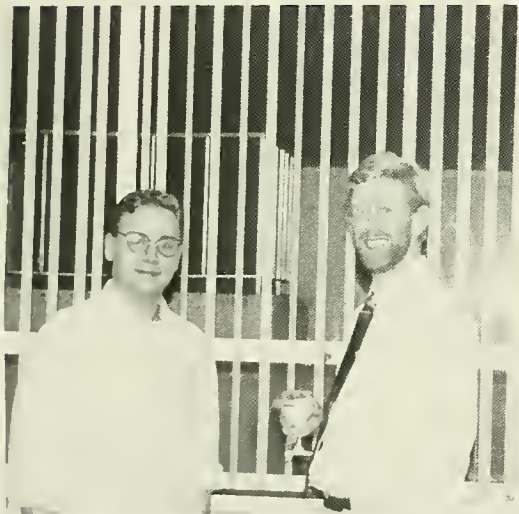

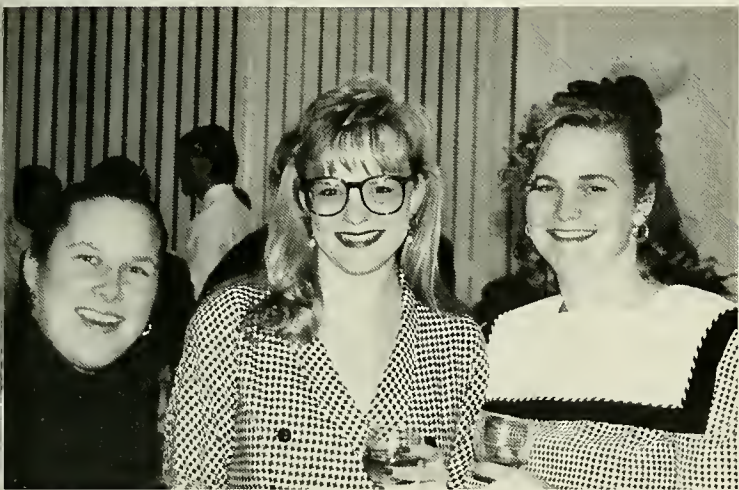

1992 Spring Break Caribbean Cruise

Twenty-one of Curry's most adventurous souls took to the high seas for the annual senior class sponsored spring break get-a-way. This year's destination was the Caribbean aboard the S.S. Brittanis a cruise ship operated by Fantasy Cruise Lines. Although based in Greece, the Brittanis was actually built right near Curry at Bethlehem Steel in nearby Quincy, Massachusetts. It was also the only cruise ship in the world willing to take on the challenge of accomodating a college group. Our journey originated in Miami and took us from there to several exotic ports of call such as Key West, Playa Del Carmen, Cozumel and Nassau before returning to Miami a week later. The sun was hot and the drinks were cold, but even colder still was returning to Logan Airport in the middle of March with our shorts still on!

Mom, Dad, Lauren, Mike & Susan.

Senior Candid

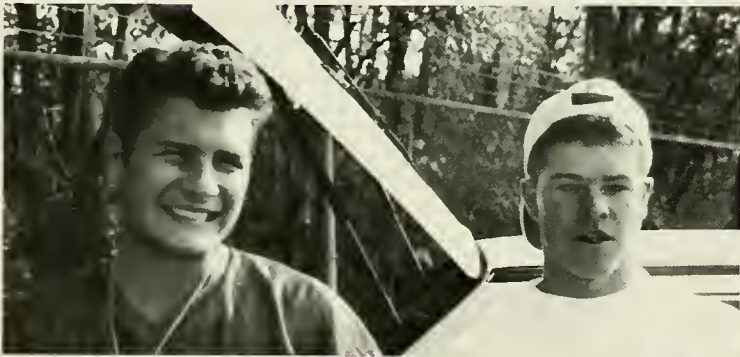

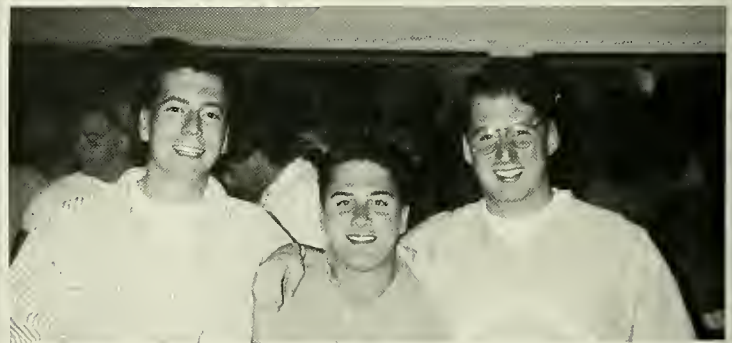

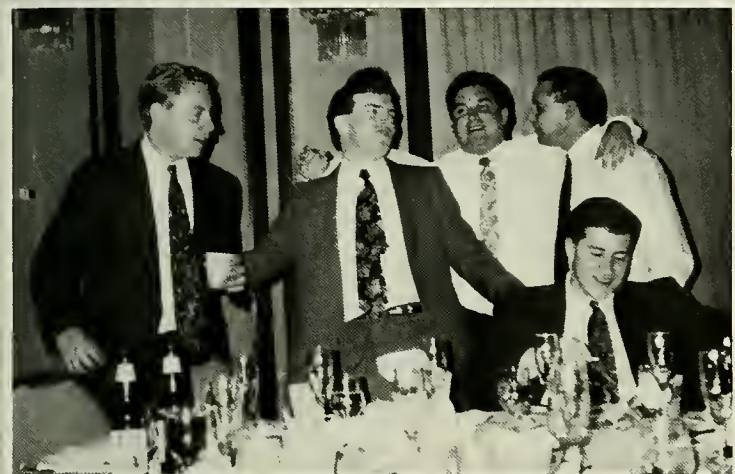

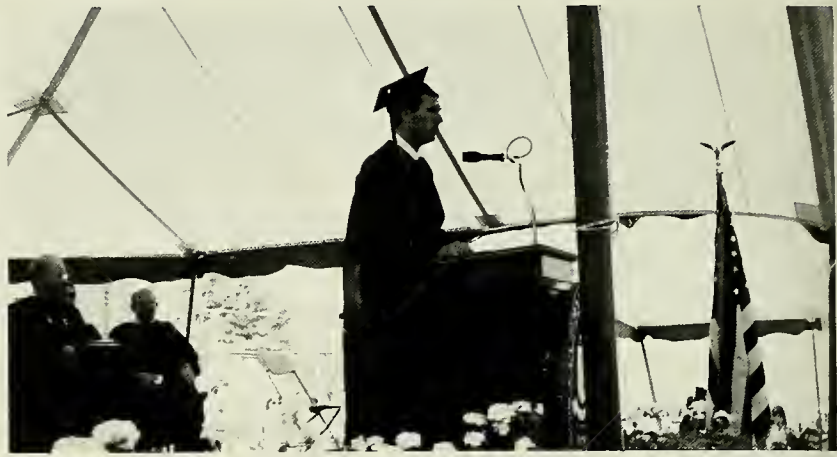

David Coughlin: Class Orator

President Ingold, Dean Fedo, Members of the Curry College Faculty, Board of Trustees, Honored Guests, and Graduating Class, it is with great pleasure that I stand before you today as class orator.

As we look ahead to the restructuring and development of emerging countries in Western Europe, we cannot overlook the necessary changes which lie ahead for the development of our own community, Curry College.

With the enthusiastic arrival of the school's thirteenth president in its 113 years, and the school's first female president, Dr. Catherine Ingold, Curry's future development looks exciting.

But let each of us take a moment to reflect back on the years spent at Curry.

For example, remember the first day you arrived on campus for orientation and were greeted by your new classmates.

Remember the former graduate who returned to help you move into your new room.

Remember the first time someone actually said "hello" to you as you walked through the "Academic Quad" on your way to class.

Remember the day you received your first college grade - only to find out that attending classes would be better than sleeping in all morning.

And Remember more recently on May 11th, when you finished your last college exam?

These are some of the memories we all will take with us in the years ahead.

Today, it is important to realize the "impact" that each of us has had in strengthening and developing our college community.

Whether a member of a Varsity Sports team, a member of Student Activities or Student Government, a member of the award - winning W-M-L-N Radio Station, or just an average student, in one way or another, each of us will leave our mark on Curry College.

Webster's Dictionary defines the word "impact" as "a forcible touch; the shock or collision occasioned by the meeting of two bodies".

For the last four years, each one of us has felt the impact of our association with other people.

For many, this was a shock because of different values, different work ethics, and just simply different backgrounds.

Through the years, however, we have interacted with many people such as our parents, our childhood friends, and even our professors here at Curry.

It has been during these four years, though, that each of us has learned how to deal with others.

For example, because of the college's small enrollment, we often come into contact with a professor on a one to one basis.

For many, it was a shock when the professor called each student by name in class!

For many of us, however, this was a pleasant shock and one reason why we chose Curry College.

Over the last few years, it has been my friends, my family and most importantly my professors at Curry who have had the greatest "impact" on my life.

To all of you, my sincere thanks.

In the years that follow graduation, when we look back as an alumni, we will remember the powerful "impact" on our lives of these past four years in college.

For example, many of you chose Curry because of its size, the "Renowned" PAL Program, and the excellent faculty and staff.

For many of us, Curry, because of its small size, has allowed us to develop and nurture close relationships over the years.

For many, the Program for Advancement of Learning, better known as the PAL program, was an attractive feature.

This program has enabled many of us to attend college and to excel as students.

This outstanding program, one of Curry's claim to fame, is geared to each individual's academic weaknesses, and assists the students to overcome them.

I have a Reading and Learning disability, and the PAL Program was instrumental in my decision to attend Curry.

I opted to handle my studies on my own, but I knew that this program, if needed, was available to me.

Secondly, many chose Curry College because of the excellence of the faculty and staff, and the small student - teacher ratio.

Over the last four years, we have all witnessed the dedication of the faculty in helping us achieve the best possible education.

It is for this dedication that we now express our appreciation. As students, we have grown mentally and spiritually because of the expertise and knowledge of the faculty.

Many of us have developed close friendships with our teachers, and we know that many of us have stayed in college because of their caring attitude.

Thank you for helping us expand our knowledge and grow as individuals.

Also, let us not forget the wonderful friendships we have made on the field, in extracurricular activities, and in the classroom.

Remember the fun times at the Campus Pub nights, the Cafe parties, the hilarious Comedy nights, and the special "Curry Nights" at Lizzies in Hyde Park.

Remember the fun, in each year's competition, in the Residence Hall Olympics.

Remember, but not for long, the past few weeks of college, sweating over our last written paper or exam.

Finally, remember, if you can, Senior Week, when many class members came together to celebrate days full of activities and special events.

These times will be remembered and treasured for a lifetime.

So, for me, I will remember the "impact" of the Faculty, my College friends, and my Family who have always supported and encouraged me.

Wanda Carter, of St. Augustine, Florida recently wrote, "Dear Abby" and said "To Achieve Your Dreams, Remember Your A-B-Cs". Wanda wrote:

- Avoid negative sources, people, places, things and habits.
- Believe in yourself.
- Consider things from every angle.
- Don't give up, and don't give in.
- Enjoy life today, yesterday is gone, and tomorrow may never come.
- Family and friends are hidden treasures. Seek them and enjoy their niches.
- Give more than you planned to give.

Hang on to your dreams.

Ignore those who try to discourage you.

Just do it!

Keep on trying. No matter how hard it seems, it will get easier.

Love yourself first and most.

Make it happen.

Never lie, cheat or steal. Always strike a fair deal.

Open your eyes, and see things as they really are.

Practice makes perfect.

Quitters never win, and winners never quit.

Read, study and learn about everything important in your life.

Stop procrastinating.

Take control of your own destiny.

Understand yourself in order to better understand others.

Visualize it.

Want it more than anything.

Xccelerate your efforts.

You are unique of all of God's creations. Nothing can replace you.

Zero in on your target, and go for it!

In closing, as we leave Curry College to continue our education on our road to success, remember a quote by John D. Rockefeller, who said.

"If you want to succeed you should strike out on new paths, rather than travel the worn paths of accepted success."

Each one of us must determine and pursue our individual paths in the future. We must not be afraid to strike out on new paths.

In the end, it may be that we find the all important job that we are looking for on this new path we traveled.

Welcome President Ingold! It appears that you have already lifted up the morale and spirit of this college community.

We graduate with the knowledge that significant progress will take place in the years ahead.

I wish you success as the new leader of my college.

And finally, my fellow graduates, I leave you with the words of that famous Irish Blessing.

- May the road rise up to meet you,
- May the wind be always at your back,
- May the sun shine warm upon your face,
- May the rain fall soft upon your fields,
- And, until we meet again,
- May God hold you in the palm of His hand.

Congratulations to the Graduating Class of 1992!

John Wolk: President of the Class of 1992

The Curry College class of 1992 first came together in early September of 1988. For four days during freshman orientation the campus was ours and we were given the opportunity to begin again, as we opened a new chapter in our lives and began new friendships. Over the last five days that spanned Senior Week, the campus was our's again- only this time around we were together as a class to bring closure to this chapter in our lives.

After touring Curry and meeting a few of its PAL professors and students in the spring of 1988, I realized right off the bat that Curry would be the right place for me for many of the same reasons I'm sure you chose Curry. The most important of those reasons are a comfortable, close knit atmosphere and a style of teaching that is made more effective through smaller student/teacher ratios and classroom sizes. We can all do without 500 seat lecture halls. The other facet of Curry that I found to be an asset was the opportunity for students to get involved as a participant and not just as a spectator. At Curry the opportunities are there but the pressure and fierce competition is not. You don't have to be pro-caliber athlete, a Broadway-bound actor, or a person with their eyes set on Congress; you can participate out of the sheer desire to have fun. These were qualities that I was accustomed to having come from a private high school of only one hundred students. That high school, like Curry, knew the value of a personal education. That high school also knew what it was like to be in need of constant financial support from Alumni. That school, like Curry, didn't have state of the art facilities or the largest endowment. But it did have a faculty, staff, and student body that took a vested interest in its day to day existence. Curry's students, faculty and staff are the same way. It is a special place that always seems to motivate people to do and be their very best.

Curry has become a second family to most of us and this transition will be difficult to accept. Take comfort in knowing that you are not alone and that the friendships we have made do not have to end. In fact they will be put to the test and if we truly value them we must make the time and the effort to remain a part of each others lives. Out of sight does not mean out of mind. . . . Whereas before extending yourself meant knocking on the door across the hall or travelling across campus, it will now mean sitting down to write a letter or travelling across the country . . . whereas before it meant dialing an inter-campus four digit phone extension it will now involve an area code and prefix.

Make new friends and move on, but never forget about the times you spend and with whom they were spent.

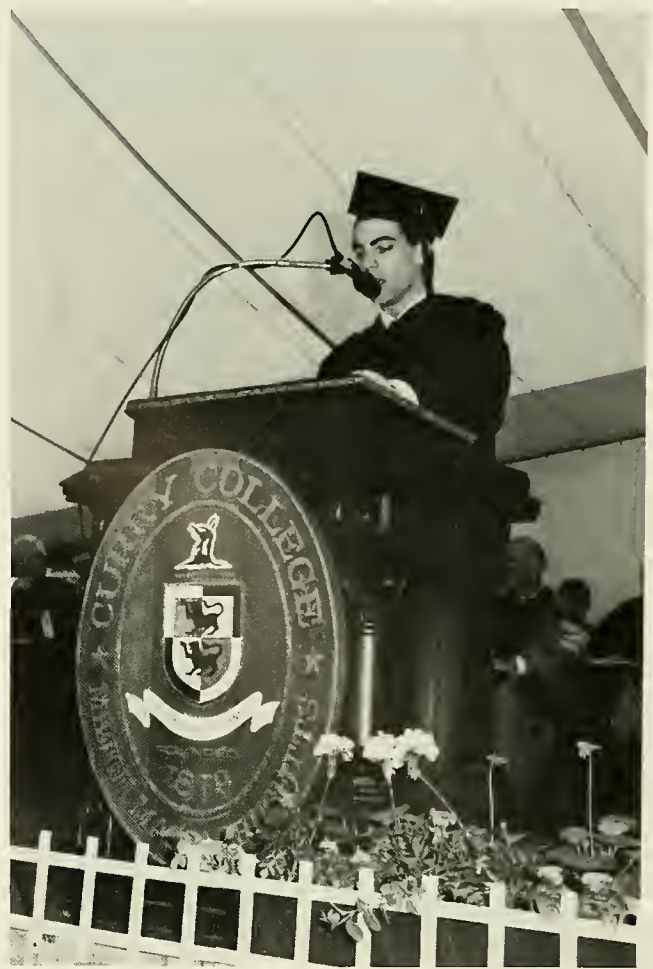

This May, over one million college seniors will graduate nationwide and I'm not telling anything you don't already know when I say that times are tough! For those of us not going on to graduate school its going to be a struggle but be persistent. Don't lose hope and don't let rejection change your goals or lower your confidence. The fact that we have completed four years of higher education is proof enough that we are mature, intelligent and industrious enough to the next chapter of our lives. If the economy forces us to work outside of our career paths in order to make ends meet then we must be willing to adapt until we can get back on track. There is no shame in earning a legitimate paycheck even if you'd rather be doing something else.

For many of us, this day represents emotions that are at opposite ends of the spectrum . . . on one hand we feel a sense of pride and accomplishment that accompanies the realization of a goal, especially one that is four years in the making . . . on the other hand we feel confusion anxiety and sadness as well as a sense of loss that has yet to hit most of us.

I wish that we could all stay together and continue to write this chapter, but today is where we go on our separate ways. In time we won't remember any of the bad days, only the laughs and good times that we've shared over the last four years will come to mind. They will warm you on a cold winter day and bring a smile to your face when you most need one.

On behalf of the class of 1992, I am honored to present Curry with a gift that will benefit students for many years to come. So much of my time here was spent advertising for events on campus that I had planned through program board or student government. I have seen first hand the need for better communication on campus. This was also the feeling of the class of 1991 class officers that desperately wanted to see their gift come into fruition. However, a lack of funds prevented this from occurring. It is my pleasure to announce that we would like to pick up where they left off by presenting Curry with a large sign board that will feature an awning and lights here in the academic quad to be used by clubs and organizations to better spread the word about on-campus events.

In closing I would like to say that it has been my pleasure representing the class of 1992 and I greatly appreciate all the support and cooperation that I have received. Thank you and congratulations.

In Memoriam: Carlos Arroyo

There are places I'll remember All my life though some have changed some forever not for better some have gone and some remain. All these places had their moments with lovers and friends I still can recall some are dead and some are living In my life, I've loved them all.

-The Beatles

Shortly before the printing of this yearbook, Carlos Arroyo, a member of the Class of 1992, was tragically killed in a fatal car accident. He is survived by his family and relatives and many friends.

Although it is hard dealing with someone dying so young, let it be some consolation that as we are trying to say goodbye, he is waiting to greet us hello. Keep his memory and philosophy of life alive within you and carry it in your heart. Carlos was a beautiful person as we all are, strive to make it your goal to find it in everyone you meet.

Aufwiedersehen Carlos. We miss you.

Those we hold most dear never truly leave us . . . they live on in the kindness they showed, the comfort they shared, and the love they brought into our lives.

"There is a destiny that makes us brothers. None goes his way alone. All that we send into the lives of others comes back to us in the end."

Dedicated to Friends

I love you not only for what you are, but for what I am when I am with you.

I love you not only for what you have made of yourself, but for what you are making of me. I love you because you have done more than any creed could have done to make me good, and more than any fate could have done to make me happy.

You have done it without a touch, without a word, without a sign.

You have done it by being yourself Perhaps that is what being a friend means, after all.

-Fr. John Tormey

I expect to pass through this world but once
Any good therefore that I can do or
any kindness that I can show to any
fellow creature, let me do that now . . .

For I shall not pass this way again.

-The Road of Life

Thank You

Thank you, thank you, thank you!!!

A special thanks to all of you who helped make this book a reality!
